REMARKS

Quality.—We offer strictly hardy, vigorous, two years old, own roots, dormant stock, grown on land suitable for the development of the roots.

Terms.—Cash must invariably accompany orders, or one-half cash by the C. O. D.

Quantity.—We discount 5 per cent off for orders of one dozen or up; 10 per cent off for four dozen or up; 15 per cent off for eight dozen or up.

Free Delivery.—Our Roses delivered to your home with absolutely no cost for transportation if one dozen or more are ordered; less than half dozen, a charge of 10 cents each plant for delivery, and we make no charges for packing or boxing.

When to Order.—Our shipping season begins the 1st of December and we ship every day to the 1st of April.

Substitution.—State whether substitution will be allowed in case we are out of the particular varieties.

Claims.—Before receipting for the shipment examine it to see if in apparently good shape. If there is any complaint to make, the same should be forwarded to us immediately upon receipt of the plants.

Guarantee of Stock.—We guarantee all stock sent out to be true to name, and clean, strong stock, and we replace without charge the plants which fail to grow.

Some Reasons Why We Ask Your Trade in Roses

Our business is growing only Roses—It makes it so convenient, for we can fill your order complete with regular healthy plants, and we claim to be able to give you better value for your money than you can obtain elsewhere.

CLASSIFICATIONS AND ABBREVIATIONS

Hybrid Perpetual, H. P.—The American Beauty is a good example of this class. Flowers large and double, with strong fragrance. Stems are usually long and unbranched.

Hybrid Tea, H. T.—Originated from crossing the Tea with the Hybrid Perpetual class, retaining the fragrance of the Hybrids and the profuse blooming qualities of the Teas. Much hardier than the Teas.

Noisette, N.—All climbers, and strong growers.

Polyantha, Pol.—Flowers very small, and appear in large clusters.

Teas, T.—Perfectly at home in California. Needs protection in other states during winter. Very dainty, beautifully scented flowers.

Climbers, Cl.—Hardy.

Aust-Briar, A. B.—Hardy.

Winchuriana, W.—Hardy.

Late Introductions and Scarce Varieties

Amarie de Grief, H. T.—Large, well formed double flowers; long buds on long stiff stems, of a brick red shading to salmon red in the center. Distinct, and free flowering. 75 cts.

Baby-Doll, Pol.—The color is golden-yellow, tipped with clear cerise. The little buds and open flowers are elegantly finished and of most perfect form. Very best, strong and compact. Freedom of bloom is most remarkable, continuous throughout the entire season. 50 cts.

Champ Wieland, H. T.—Bright, deep pink, sport Killarney. 75 cts.

Cheerful, H. T.—Tender but luminous pink with golden suffusion at the base of the petals; large, full, and of fine form. Flowers freely and continuously throughout the season. \$1.00.

Cleveland, H. T.—Very large flowers, full of exquisite form and produced freely and continuously throughout the season. Color is a deep glowing pink, the base of the petal heavily flushed with deep copper. \$1.00.

Columbia, H. T.—Wonderful, true pink rose, deepening as it opens to glowing pink; flowers very large; full, stiff petals. \$1.50.

Donald MacDonald, H. T.—The most floriferous rose with perfect habit. Flowers are medium size; blooms are full double, composed of shell-like petals which glow with intensely orange-carmine color, and are perfect miniature exhibition flowers. 75 cts.

Duchess of Normandy, H. T.—Favorite and beautiful; delicate salmon-flesh overlaid with yellow. 75 cts.

Edgar M. Burnet, H. T.—Very large, full flowers of splendid form with flesh-colored petals, tinted roses; sport La France rose. 50 cts.

Edith Part, H. T.—Carmine flushed pink. Petals two toned; stems excellent. Flowers sometimes borne in enormous clusters of very striking appearance. 50 cts.

Gorgeous, H. T.—Orange-yellow flushed copper; coloring truly "gorgeous." Foliage rich deep green. 75 cts.

Golden Emblem, H. T.—Very wonderful golden yellow, free bloom and clean, strong stems. \$1.50.

Golden Gem, H. T.—A yellow rose of unusual merit. In color it is brilliant golden yellow. Its buds are very long and pointed, and the flowers retain a good shape in all stages of development. 75 cts.

Hadley, H. T.—In color it is a deep velvety crimson, retaining its brilliancy at all seasons of the year. The variety is double and buds are well formed. The fragrance is excelled only by the American Beauty. It is a strong, rapid grower, and the flowers are borne on long, stiff stems. An American rose and a splendid addition to the reds. 50 cts.

Hoosier Beauty, H. T.—Crimson-scarlet with darker shading; buds long and pointed. It is a clean, strong grower and blooms continuously throughout the season. 75 cts.

H. V. Machin, H. T.—Of gigantic size. Its intensely black grained, scarlet-crimson blooms we consider unique amongst all roses. A truly magnificent rose. 75 cts.

Iona Herdman, H. T.—A beautiful rich yellow; growth peculiarly slender; color is unmatched. 75 cts.

Irish Fireflame, H. T.—A glorious single flowering variety, bearing its flowers in clusters of five or more; splendid for cutting in sprays in bud form. These buds are wonderfully rich in coloring, a rich, deep orange, splashed with crimson, opening to a large single flower of a satiny old gold, shaded with ochre. 50 cts.

Isobel, H. T.—It is the most beautiful single or five-petalled rose grown, with flowers $4\frac{1}{2}$ inches in diameter; in color a rich carmine-red, flushed orange-scarlet, with faint Austrian copper shading and a pure yellow center or zone; delightfully fragrant. \$1.50.

Killarney Brilliant, H. T.—Bright, deep pink; very distinct novelty. 50 cts.

Lillian Moore, H. T.—Color deep Indian yellow, with slightly deeper center. The flowers are very large and very full. A superb rose. \$1.50.

Los Angeles, H. T.—The growth is very vigorous, and produces a continuous succession of long-stemmed flowers of a luminous flame pink, toned with coral and shaded with translucent gold at the base of the petals. In richness of fragrance it equals in intensity the finest Marechal Neil. The buds are very long and pointed, and expand into flowers of mammoth proportions, while the beauty of form and ever increasing wealth of color are maintained from the incipient bud until the last petal drops. \$1.50.

Ludwig-Moller, or Yellow Frau Karl Druschki, H. P.—Amber-yellow during summer, deeper in autumn, with large, double, well formed flowers. 75 cts.

Miss Stewart Clark, H. T.—A delightful pure golden yellow or brilliant deep lemon-chrome. The color is solid throughout and does not fade. The flowers are of medium size, exquisitely fragrant and freely produced. 75 cts.

Mme. Colette Martinet, H. T.—A vigorous growing, long, golden yellow bud opening to a beautiful old gold shaded with orange-yellow; attractive bronzy-green foliage. \$1.00.

Mme. Edouard Herriot, A. B.—Buds coral-red, shaded with yellow at the base. The open flowers, of medium size, semi-double, are of a superb coral-red, shaded with yellow and bright rosy-scarlet, passing to shrimp-red. A wonderful rose. 75 cts.

Mrs. Bayard Thayer, H. T.—Rose-pink sport from famous Mrs. Charles Russell rose, differing only in its light color. The flowers with a long and full bud, opening to a very large double flower. It is of strong, erect habit, a fine garden rose, and is also valuable as a cut flower. Very free. 75 cts.

Mrs. Charles Russell, H. T.—In a class by itself, just as American Beauty is. Stems three feet long, stiff and surmounted by grand, deep cerise-pink blooms of largest size. One of the most popular cut-flower varieties. 75 cts.

Mrs. Franklin Dennison, H. T.—Very large, full, well formed flowers; color porcelain-white, veined primrose-yellow, deepening to ochre at the base of the petals. Strong, vigorous grower, producing its immense flowers in the greatest profusion. 75 cts.

Mrs. Frederick W. Vanderbilt, H. T.—Color deep orange-red, shaded bronzy apricot-red. Color is hard to describe. Really a blending of several shades. 75 cts.

Mrs. Henry Winnett, H. T.—It is a heavy double rose of great substance; in color it is a bright shade of crimson; the buds long and well formed, and it has good petals and substance. It is a very strong grower, and flowers are borne on long, stiff stems. Delightful perfume and free bloomer. \$1.50.

Mrs. Sarah Yeats, H. T.—The color is a new and brilliant red. The petals are very large and of splendid texture. It is freely borne on strong, erect stems and is delightfully fragrant. 75 cts.

Ophelia, H. T.—Salmon-flesh, shaded with rose; large, well shaped, of excellent habit, the flowers standing up well on long, stiff stems and produced in great profusion; growth vigorous. Certainly a glorious rose. Be sure to have "Ophelia" fixed in your memory. 50 cts.

Ophelia Supreme, H. T.—New rose-pink sport of Ophelia. Color light rose-pink with darker shading in the center and yellow at the base of the petals. It has the same habit of growth and the same freedom of bloom as the Ophelia, while the flower is more double. \$1.50.

Pink Cecil Brunner, Pol.—Sport of Cecil Brunner, same habit; flowers clear, bright pink; best cor-sage buds. \$1.00.

Pink Ophelia, H. T.—It is identical with Ophelia except that it is a beautiful, bright, clear pink. Everybody will want it. 75 cts.

Primrose, H. T.—Melon-yellow during summer, deeper in autumn, with apricot shadings; a most distinct coloring. Large, double, of perfect form, with long pointed buds. Deliciously fragrant. 75 cts.

Queen of Fragrance, H. T.—Flowers very large, double, and of elegant, graceful shape, and freely produced throughout the season. The color is a beautiful shell-pink, tipped with silver; bright and pleasing. It grows very long, erect stems, and delightfully fragrant flowers. 75 cts.

Rayon D'Or, Pern.—Buds coppery flushed red; open flowers, bright canary-yellow. Foliage glossy-green and lustrous. 75 cts.

Rosalind, H. T.—Sport Ophelia; so much darker than Ophelia and quite distinct. In the buds the shade is pure coral. Half open, it is an exquisite apricot-pink; when fully open, bright shell-pink. Delightfully fragrant and more petals. Quite distinct. \$1.50.

Rose-Marie, H. T.—The color is a beautiful, clear rose-pink. The buds are long, of perfect shape and open into a very large flower, and fragrant. Growth is very strong, throwing extra long flowering shoots. Keep your eye on this variety. \$1.50.

Red Radiance—This is a grand, bright red sport of the most popular pink Radiance. Free bloomer, and strong, healthy grower. 50 cts.

Silvia, H. T.—Is a yellow sport of Ophelia. The buds are long, pointed; half open, a beautiful sulphur-yellow, changing to creamy yellow as the flowers open. Strong grower as the Ophelia. \$1.50.

Tipperary, H. T.—Clear yellow. Flowers of medium size borne on long, slender, stiff stem. Does not fade out, but rather deepens in color as the flowers open. 50 cts.

Titania, or Indian Summer, H. T.—A wonderful orange-yellow; growth peculiarly slender; color is unmatched. Fine corsage buds. \$1.00.

Willowmere, Pern.—Shrimp-pink with faint yellow shading in center. Vigorous and erect stalks. Fine, long, coral buds. 75 cts.
